Business Consulting

Providing expert, data-driven guidance for strategic business growth and expansion.

We empower organizations to make smarter decisions by combining deep industry knowledge with cutting-edge digital technologies.

Key Areas of Focus

Business Optimization

Streamlining and automating operations for increased efficiency and effectiveness.

Digital Transformation

Leveraging technology to accelerate business growth and adaptability.

At Idrak, we prioritize strategic initiatives that drive efficiency, innovation, and long-term success. Our approach ensures businesses stay competitive in an evolving market.

Client-Centric Approach

Tailoring innovative solutions to address the unique needs of each client.

Sustainable Growth

Implementing strategies that drive long-term business success and resilience.

Our Clients

We proudly serve a diverse client base delivering tailored digital, AI, and software solutions that drive meaningful results across sectors.

Startups & SMEs

Empowering early-stage and growing businesses with agile, scalable digital and AI solutions to accelerate growth.

Corporates

Delivering enterprise-grade technologies and strategic consulting to drive efficiency, innovation, and competitive advantage.

Governments

Supporting public sector transformation with secure, data-driven systems and tailored digital solutions for national impact.

Cross-Sector Excellence

Driving Impact Across All Sectors Through Innovation, Technology, and Strategic Insight.

Project Portfolio Management Software

A modern project and portfolio management solution built on the Microsoft Power Platform. It provides centralized oversight of projects, portfolios, resources, budgets, and risks while supporting approvals, time tracking, and collaboration. The system includes 40+ ready-made reports, scenario-based resource planning, and portfolio simulations to help organizations optimize capacity and prioritize initiatives.

Centralized Control

Manage projects, portfolios, resources, and budgets in one integrated platform.

Smarter Decisions

Scenario planning, utilization views, and reports to align priorities with capacity.

Seamless Collaboration

Built-in workflows and approvals integration ensure smooth communication and execution

Scalable & Secure

Low-code flexibility, rapid deployment, and data stored safely.

Thank You

We appreciate your time, consideration, and interest in Idrak, and we look forward to future collaborations.
